SUMMARY

I am a passionate and dedicated aspiring Full-Stack Web Developer with hands-on experience in building web applications using ASP.NET Core Web API and React.js. I have a strong foundation in C#, SQL Server, and RESTful APIs, along with frontend technologies like HTML, CSS, JavaScript, and Tailwind CSS. I enjoy developing user-friendly applications and continuously improving my skills through real-world projects.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Backend:** ASP.NET Core Web API, C#
- **Database:** SQL Server
- **Concepts:** REST API, MVC Architecture, Authentication (JWT)
- **Tools:** Git, GitHub, Visual Studio, VS Code

EDUCATION

Master of Computer Applications
LDRP Institute of Technology and Research, Gandhinagar - Present

Bachelor of Computer Applications
Kamani Science College And Prataprai Arts College, Amreli – 2025

PROJECTS

1. **College Event Management System – ASP.NET Core + React | Code**

   • Developed a full-stack web application using ASP.NET Core Web API and React.js
   • Implemented user authentication using JWT (Admin, Organizer & Student roles)
   • Built RESTful APIs for event management and registrations
   • Designed responsive UI using Tailwind CSS
   • Enabled students to register, organizers to manage events, and admins to manage overall system and attendance

2. **CCRPortal – ASP.NET (Web Form) | Code**

- Developed a recruitment portal using ASP.NET Web Forms and SQL Server
- Implemented job posting and application features
- Designed admin panel to manage students and job listings

3. **E-commerce – Shopzone – ASP.NET (Web Form) |** Code

- Built an e-commerce web application using ASP.NET and SQL Server
- Implemented cart functionality and order processing
- Designed responsive UI for product browsing
