SUMMARY

I am a passionate and dedicated aspiring Full-Stack Web Developer with hands-on experience in building web applications using ASP.NET Core Web API and React.js. I have a strong foundation in C#, SQL Server, and RESTful APIs, along with frontend technologies like HTML, CSS, JavaScript, and Tailwind CSS. I enjoy developing user-friendly applications and continuously improving my skills through real-world projects.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Backend:** ASP.NET Core Web API, C#
- **Database:** SQL Server
- **Concepts:** REST API, MVC Architecture, Authentication (JWT)
- **Tools:** Git, GitHub, Visual Studio, VS Code

EDUCATION

Master of Computer Applications

LDRP Institute of Technology and Research, Gandhinagar - Present

Bachelor of Computer Applications

Kamani Science College And Prataprai Arts College, Amreli – 2025

PROJECTS

1. **College Event Management System – ASP.NET Core + React** | [Code](#)
 - Developed a full-stack web application using ASP.NET Core Web API and React.js
 - Implemented user authentication using JWT (Admin, Organizer & Student roles)
 - Built RESTful APIs for event management and registrations
 - Designed responsive UI using Tailwind CSS
 - Enabled students to register, organizers to manage events, and admins to manage overall system and attendance
2. **CCRPortal – ASP.NET (Web Form)** | [Code](#)
 - Developed a recruitment portal using ASP.NET Web Forms and SQL Server
 - Implemented job posting and application features
 - Designed admin panel to manage students and job listings
3. **AllEdit Desktop – .NET/WPF Desktop Application** | [Code](#)
 - Built an all-in-one file conversion and editing desktop application using .NET 8, WPF, and C#
 - Implemented features like PDF merge, split, compress, and file conversion for Word, Excel, PowerPoint, and images using LibreOffice and Ghostscript
 - Designed a modern desktop UI and accelerated development by leveraging AI tools like OpenAI ChatGPT and Claude for code assistance, debugging, and feature implementation
